Selection Policy

Scottish Senior Team

2004 Home International Regatta

1. Introduction

The Scottish Amateur Rowing Association (SARA) has adopted the following selection policy and criteria for selection of all crews, scullers and coaches for the Scottish Senior Team to compete at the 2004 Home International Regatta (HIR). The policy set out in this paper was approved by the SARA Executive and will not be changed except by a majority vote at a subsequent SARA Executive meeting.

For the 2004 HIR

To gain selection all athletes, coaches and coxes must comply with the following selection strategy in its entirety. The aim is to send a full senior team. It should be noted however that if the selectors decide that there are insufficient candidates of a suitable standard, then only those crews that meet the standard will be sent. The policy is framed so that athletes, coxwains and coaches know exactly what is required to gain selection. The intention of the IRC is to make this document as definitive as possible with no 'grey areas'.

2. Events offered

Selection subject to achieving the standards and meeting the selection criteria set out below.

2004 HIR – probable senior event list

Men	Women	Lightweight Men	Lightweight Women
8+	8+		
4+	4+		
2-	2-	2-	2-
4x	4x		
2x	2x	2x	2x
1x	1x	1x	1x

It should be noted that, for both men and women, the Lightweight 4- event has been replaced with a Lightweight 2- and a Lightweight 2x. This now means there will be 8 sweep rowing and 6 sculling positions available in both the mens and womens senior teams.

For the Scottish Senior HIR team the following small boat combinations will be selected:

M4+, M2-, ML2-, M2x, ML2x, M1x, ML1x
W4+, W2-, WL2-, W2x, WL2x, W1x, WL1x

The athletes selected in these boats will also be used to form the following crew boats:

M8, M4x
W8, W4x

3. Selection Criteria and Standards

The purpose will be to select crews with the best possible chance of winning their event at the HIR based on their performances at Strathclyde Park Regatta, the Scottish Championships and, most importantly, the National Rowing Championships of Great Britain.

The final date for registration to the team will be on April 24th 2004 (Strathclyde Park Regatta). All rowers, scullers, coxwains and coaches must submit the appropriate form in **Appendix B** to the Team Manager of the IRC by this date.

All candidates for selection are required to compete at the nominated selection regattas. Any athlete who does not attend a nominated regatta without prior notification and a valid reason, to the IRC, will be deemed to have removed themselves from the selection process. The dates and venues for these regattas are set out in **Appendix D**.

All candidates for selection will be required to have a valid SARA licence for 2004 (SARA licenses run from January to December). For members of Scottish Clubs, these are available through your Club Secretary. For members of English Clubs, you should request an Associate Membership and Racing Licence Application Form from the IRC Team Manager which should be completed and submitted together with the membership fee of £28.

4. Selection of Coxes

If a crew gains selection as the M4+ or W4+ then the cox of that crew will also gain selection in that boat class. It would be expected that the cox of the M4+ would also cox the M8 while the cox of the W4+ would also cox the W8. However if either of these coxes have insufficient experience coxing an eight then the IRC reserve the right to select a more experienced cox for that particular event.

5. Selection of Coaches

If a crew gains Scottish selection then their coach is also selected. If a crew has no coach then the IRC will appoint one to that crew. Similarly, the IRC will appoint coaches for the M4x, M8, W4x and W8.

6. Exemptions and Exceptional Circumstances

Any National Rowing Academy athlete or athlete involved with the Great Britain team may be exempted from the initial elements of the selection system. They will however have to compete at the National Rowing Championships of Great Britain in the crew boat they wish to gain selection in.

7. Appeals Procedure

The appeals procedure for the 2004 HIR is detailed in **Appendix A**.

8. Team Strategy

It is currently the intention to send a full senior team with the purpose of winning both senior matches of the HIR. While this will be a hard task it should be the intention of all athletes, coaches, team co-ordinators and managers to work together to achieve this goal.

9. Club Representation

All athletes are asked to name the Club that they wish to represent. See form at **Appendix B**. It may be required that athletes row as Scottish Rowing, Scottish Argonauts etc. by the IRC.

10. Selection Policy

In order to make the selection process simple and effective, the team will be selected on a *'first past the post'* basis at the National Rowing Championships of Great Britain, the week before HIR. The first crew eligible for Scottish selection to cross the line at this regatta, in the boat classes listed in **Section 2** and **Appendix D**, shall be selected. If the results for any boat classes are inconclusive (e.g. two crews fail to make the final of their event and have similar times for their semi-finals/heats) then the performance of the crews at the Scottish Championships will be the deciding factor. In the unlikely event of the result of the Scottish Championships being inconclusive then performance at SPR/SUC will be taken into account. The IRC has decided not to run formal trials for the senior team and instead will invite aspiring athletes to squad training weekends with the emphasis on coaching as well as identifying and suggesting small boat units for athletes to compete in during the season. It is hoped this will be particularly useful for athletes who have no-one of a similar standard at their club to compete with during the racing season, to meet, train and potentially form crews with other athletes.

The IRC require **all** athletes (with the exception of Academy athletes or athletes involved in the Great Britain team) wishing to be considered for Scottish selection to:

- 1. Submit a 2000m ergo time to the Team Manager by April 24th 2004 (Strathclyde Park Regatta).**
- 2. Compete in an Open event at Strathclyde Park Regatta or in University 1st events at the Scottish Universities Championships.**
- 3. Compete in an Open event at the Scottish Championships.**
- 4. Compete in the boat class they wish to be selected for Scotland in at the National Rowing Championships of Great Britain.**
