## Home International Regatta: Junior Selection

The following document explains the selection policy for junior athletes for the Scotland Team for the 2007 Home International Regatta.

Any athlete wishing to be selected must compete at the Strathclyde Park Regatta in either the J18 1x or 2- events.

The 1x and 2- events (Heats and Finals) will take place during the first block of racing each day. Athletes are therefore free to compete for their clubs in other events during the day. It is the intention of the Scotland Team Management to collect as much information as possible in order to allow the Performance Planning Group to make decisions on athlete selection. The management team therefore encourages, where appropriate, for athletes to compete in either the 2x or 4+ events. The normal SPR rules on multiple entries still apply.

If you have any questions about the trial process, please contact me.
