

This year is Nithsdale's 160th anniversary year. We are having our annual regatta the 14th June 2025 and we hope to welcome as many of our fellow rowers from across the country and further afield to join us, to enjoy a day on the river Nith. All races will be two lane races, we have a variety of races that we hope will accommodate everyone in our events list which includes some unique categories i.e novice master, generation doubles, club and mixed 8's even a race for coaches. Please ask if there are any specific races you would like to see and we will try to accommodate.
