Following the Scottish Rowing Championships, a list of athletes who remain under consideration will be published on or before **Tuesday 7th June**. Athletes will not be allocated to crews at this time. The Scottish Rowing High Performance Group (HPG) reserves the option to add or remove athletes from this list.

All athletes on the provisional list will be required to pay a deposit. This deposit will be forfeited should the athlete subsequently remove themselves from selection for reasons other than injury or commitments pertaining to the GB Rowing Team. Athletes who continue in the trialling process but who subsequently do not achieve selection to the Scotland Rowing Team will receive a refund of their deposit.

4.4 Additional Selection and Crew Formation Trial

Athletes on the provisional list will be invited to participate in additional selection/crew formation trials. The format of these assessments and those athletes required to participate will be confirmed after the HPG review the results of the selection regatta and all other relevant performance data.

4.5 Final Selection

After all additional selection and crew formation testing has been completed the HPG will announce the final team.

5. Additional Selection Considerations

5.1 Exceptional Changes to Policy and Procedure

In response to government guidance or other unforeseen circumstances the HPG may need to take action to modify the selection policy or procedure.

5.2 Performance Exemption

Exceptional athletes may be selected for the team without attendance at the Scottish Rowing Championships and / or without prior registration or ergometer submission. Such athletes should be actively seeking selection for GB teams or be able to provide evidence of a high standard of performance. The decision to grant a performance exemption will rest with the Scottish Rowing Head of Performance Pathway.

5.3 Medical Exemption

Athletes not competing at the Scottish Rowing Championships or those unable to complete monitored ergometer tests due to medical reasons should inform the Team Manager as soon as possible and will be required to provide a medical certificate. Scottish Rowing is not obliged to delay the selection process or give a rower special consideration as a consequence of such illness or injury.

Athletes unable to complete any of the ergometer assessments within the allocated time window due to illness or injury should complete the assessment at the earliest possible opportunity thereafter and submit their result to the Team Manager.

5.4 Athlete Availability

Prior to the Scottish Rowing Championships athletes will be required to submit details of their availability to attend any additional selection trials or team training days. This should include details of any race commitments with their club. Details of how to submit this information will be provided to all registered athletes prior to the Scottish Rowing Championships.

Athletes may be removed from consideration for selection if they:

- Fail to provide this information.
- Are unable to make themselves available for selection trials or team training days as set by the HPG and team coaches.
- Fail to demonstrate that they are able to achieve a satisfactory level of preparation for the regatta.

5.5 Sprint Racing

Athletes will be selected to the provisional team on the basis of their performance in 2000m racing. After athletes have been confirmed to the Scotland Rowing Team additional testing may be performed to confirm those athletes most suitable for the sprint events.

5.6 Selection of Coxes

There is no gender restriction on coxes. The HPG will assess technical ability and select coxes following meetings/discussions with the crew coaches and based on feedback from athletes in the selected crew.

Selected Coxes must:

- Have the ability to steer accurately, efficiently and safely.
- Be confident.
- Be able to quickly build a strong rapport with athletes.

- Understand the World Rowing rules of racing.
- Understand the safety considerations of training and racing.
- Be able to deliver a session plan as specified by the crew coach and provide feedback to the coach.

Coxes must be able to maintain an appropriate weight for an international regatta cox. Please note that the Scotland Rowing Team does not promote or encourage rapid or unhealthy weight loss. Coxes may be asked at various stages of selection to provide details of their weight.

5.6.1 Session Voice Recording

Prior to the Scottish Rowing Championships, all registered coxes will be required to provide:

- An extract of a recording taken during a normal crew training session.
- An extract of a recording taken during a race or a high intensity training session.

Details will be provided on how to submit recordings. The recordings will be reviewed and feedback provided. Part of the selection process will also be based on availability of coxes to attend scheduled crew training sessions.

6. Selection of Coaches

Coaches will be appointed to crews by the Scottish Rowing High Performance Group. A job description detailing the roles and responsibilities for Scotland Rowing Team coaches is available on the Scottish Rowing website.

7. Selectors

Both senior and junior teams for the HIR Regatta and HIR Beach Sprints will be selected by the Scottish Rowing High Performance Group. Following the announcement of the final team any decision on changes to crews because of injury or other unforeseen circumstances will be made by the Team Manager in consultation with the Head of Performance Pathway and the team coaches.

9. Appeals

Registered senior athletes, or the parent/guardian of registered junior athletes, are entitled to appeal against the decision of the Selectors. The nature of the selection process means that selections to the Scotland Rowing Team can often be made close to the regatta. As such the outcome of an appeal can have a significant impact not just on athletes directly involved in an appeal but on the preparation of other members of the Scotland Rowing Team. The Appeals process is therefore designed to operate quickly and minimise impact to athlete preparation. Athletes should carefully consider if an appeal is justified, before making one.

The appeal process can only be used to determine:

- Whether the correct procedures have been followed in the implementation of the Selection Policy;
- Whether the Selectors have acted reasonably, fairly and without bias in making a decision;
- Whether a selection decision was reached on the basis of an error of fact.

The right to appeal a selection decision is provided on these grounds only and must not be seen as an opportunity to dispute the opinion of the Selectors, who will be regarded by the Appeals Panel as experts.

9.1 Making an Appeal

An appeal should be initiated by emailing office@scottish-rowing.org.uk setting out full details of the basis upon which the athlete is appealing against the decision of the Selectors.

The Appeal must be raised within 48 hours of a “Selection Decision”. A Selection Decision is defined to be:

- The publication of the Provisional Team
- The publication of the Final Team
- Formal written communication between the Team Manager and the athlete that it is the intention of the Selectors to no longer consider the athlete for selection.

If the athlete fails to submit an appeal within the time limit, they will automatically lose the right of appeal.

A £100 contribution towards the administrative costs of the appeal will be requested upon receipt of the appeal. This sum may be refunded upon conclusion of the appeal at the discretion of the Appeals Panel.

9.2 Appeals Panel

The Scottish Rowing President will select three people from a list, previously approved by the Scottish Rowing Board, to form the Appeals Panel. No individual directly involved with the athlete making the appeal or who was involved with the selection process may be part of the Appeals Panel.

9.3 Conduct of the Appeal

The appeal will be conducted by written submissions only. No parties to the appeal will be entitled to appear before the Appeals Panel. However, the Appeals Panel, may contact a party to the appeal by telephone or by email to request further information. The Appeals Panel may make their deliberations in person or remotely as required.

The Appeals Panel will either:

- Reject the appeal and confirm the decision of the Selectors.
- Uphold the appeal and inform the Selectors that errors have been identified in the conduct of the selection process and request that a new selection decision be made as soon as is reasonably practicable.

The Appeals Panel will seek to reach its conclusion within 72 hours of receipt of the Appeal and will inform all interested parties as to their decision via email as soon as possible.
